THE LASKER AWARD

In 1951 the Lasker Award was given Alcoholics Anonymous. The citation reads in part as follows:

“The American Public Health Association presents a Lasker Group Award for 1951 to Alcoholics Anonymous in recognition of its unique and highly successful approach to that age-old public health and social problem, alcoholism . . . In emphasizing alcoholism as an illness, the social stigma associated with this condition is being blotted out . . . Historians may one day recognize Alcoholics Anonymous to have been a great venture in social pioneering which forged a new instrument for social action; a new therapy based on the kinship of common suffering; one having a vast potential for the myriad other ills of mankind.”
